E-Statements:

- more secure
- less paper
- less hassle

An e-statement is an electronic version of your bank statement available online via our secure website. You can view and print your statement right from your computer, thus, avoiding the wait for traditional mail.

Not only are e-statements considered more secure than sending statements in the mail, they also save on paper which is great for the environment.

With BANKWEST archiving your bank statements online, you can access your statements anytime you need them.

You must be an Internet Banking customer to sign up for e-statements. If you're not, stop in, or call, and we'll get you signed up.

Here are the steps for activating your e-statement account:
